Cardiothoracic Surgery – by region

n = number of responses (for specialty).

Details are not shown if less than 3 responses – to avoid conclusions being based on small numbers and prevent individual respondents becoming identifiable.

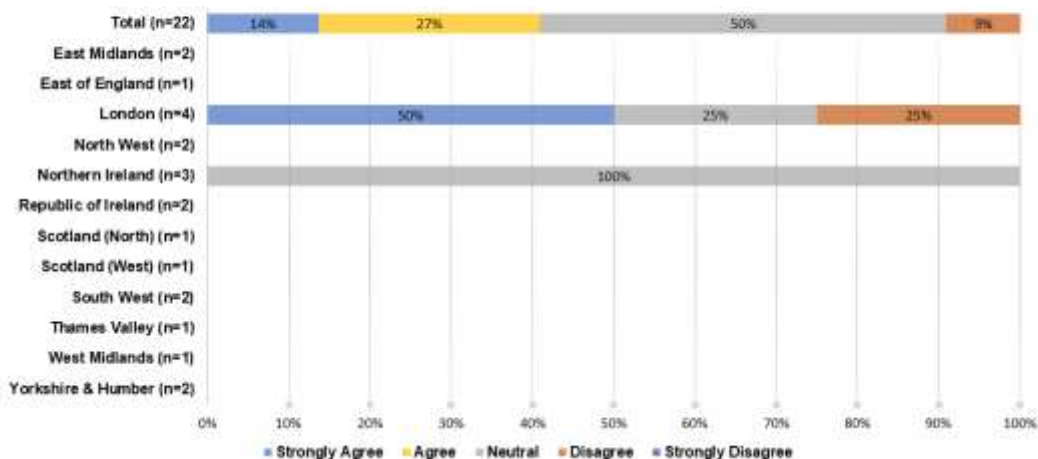

Cardiothoracic Surgery

I have experienced difficulty in getting time to participate in other activities related to training (e.g. participation in national selection, examining, membership of an SAC):

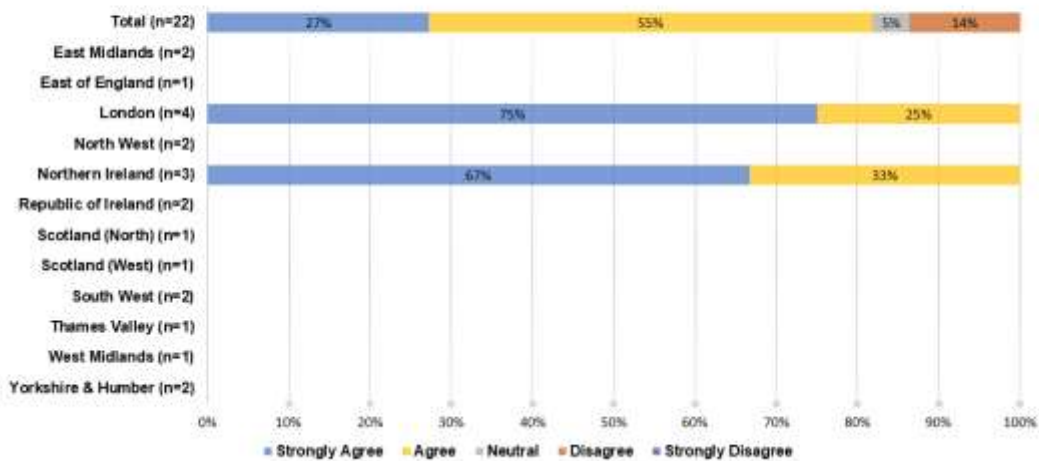

Cardiothoracic Surgery

My employing Trust/Board is supportive of me participating in training activity not included in my job plan:

Cardiothoracic Surgery

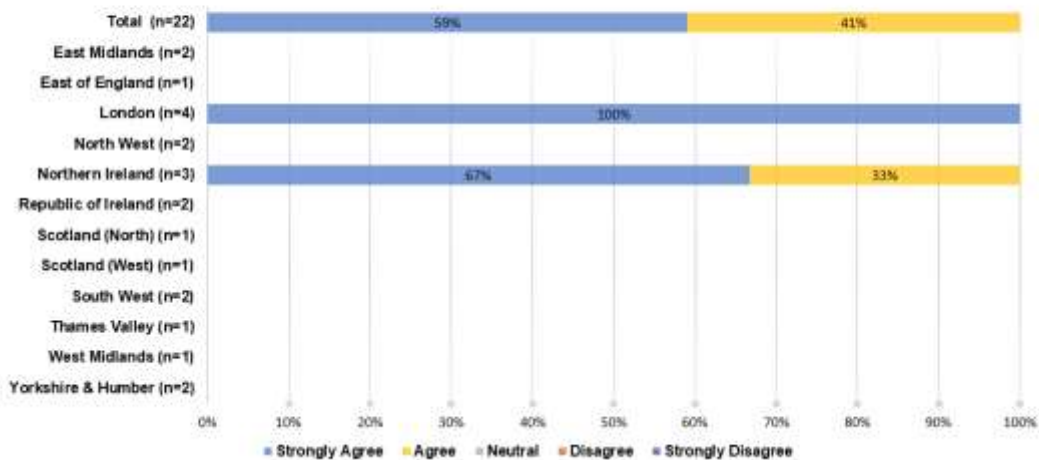

My School of Surgery/ Deanery provides me with sufficient support as a trainer for me to fulfil my role (including faculty development courses, sufficient notice of and support for training committee meetings, if appropriate):

Excludes results for 'not applicable' answer option

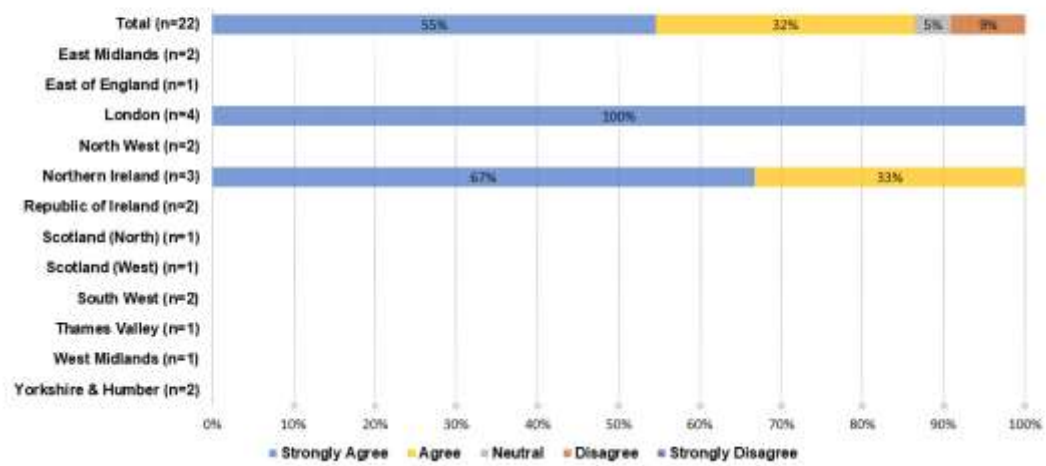

Cardiothoracic Surgery

I have adequate opportunity to assess my trainees' performance in the operating theatre:

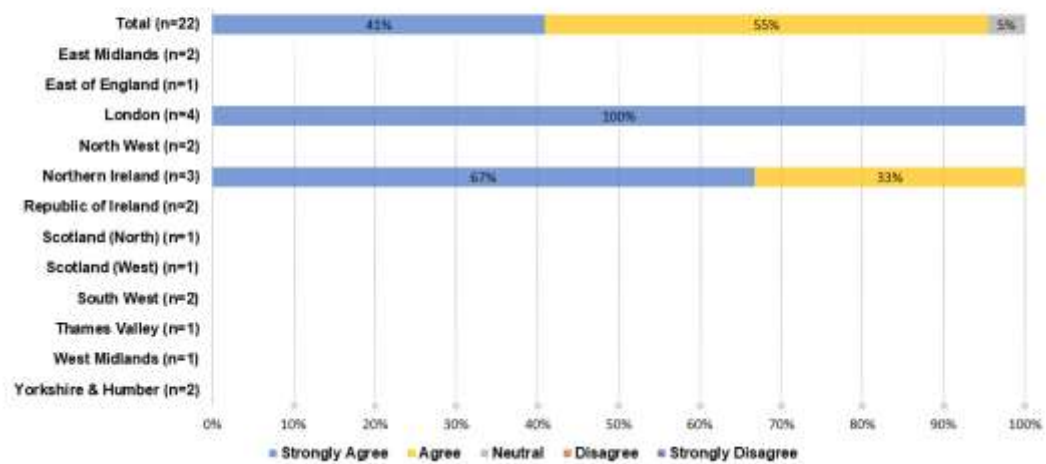

Cardiothoracic Surgery

I have adequate opportunity to assess my trainees' performance in outpatient clinic:

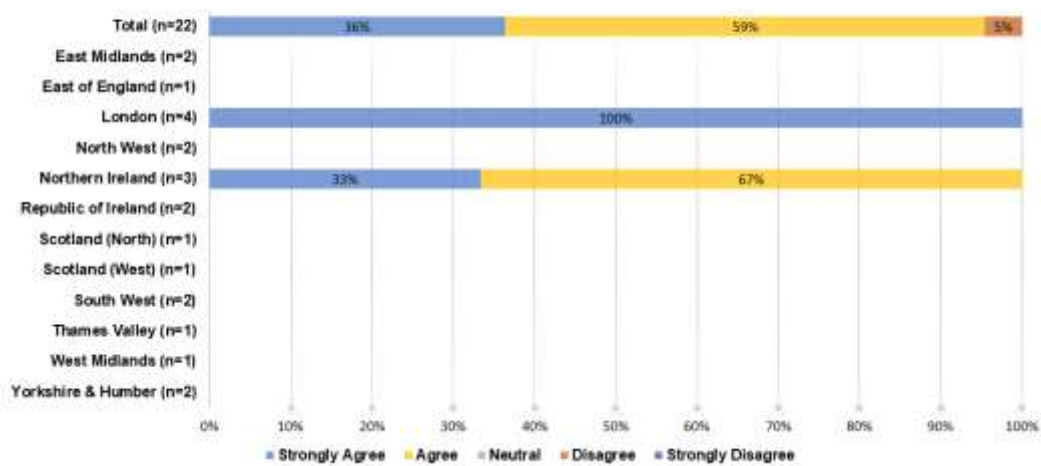

Cardiothoracic Surgery

I have adequate opportunity to assess my trainees' performance in emergency take:

Cardiothoracic Surgery

I am able to regularly review my trainees' progress:
